mineralsolid mineralmarmo

La dimensione acqua...

La dimensione acqua diventa dapprima spazio vitale nell'area bagno e poi comfort personale attraverso la scelta estetica e funzionale di una collezione di lavelli e piatti doccia in cui emerge protagonista la materia innovativa del Mineralsolid opaco e Mineralmarmo lucido.

The water dimension...

The water dimension first becomes a living space within the bathroom and then a niche for personal comfort thanks to the aesthetics and function of the washbasins and shower trays collection that features Mineralsolid Matt and Mineralmarmo High Gloss as a unique, breakthrough material.

La dimension eau...

La dimension eau est d'abord devenue un espace vital dans le domaine de la salle de bain, puis confort personnel par le choix esthétique et fonctionnel d'une collection de lavabos et de fonds de douche dans lesquels se révèle la vedette: la matière innovante de Mineralsolid Matt et de Mineralmarmo High Gloss.

Dimension wasser...

Die Dimension Wasser wandelt sich im Badbereich zunächst in Lebensraum und dann durch die ästhetische und funktionale Wahl einer Waschbecken- und Duschwannen-kollektion, in der die innovativen Materialien Mineralsolid Matt und des Mineralmarmo High Gloss als Protagonisten hervorgehen, zum persönlichen Komfort.

De waterdimensie...

De waterdimensie wordt eerst een leefruimte binnen de badkamer en dan een niche voor persoonlijk comfort dankzij de esthetiek en de functionaliteit van wastafels en douchebakken collectie die Mineralsolid Matt en Mineralmarmo High Gloss beschikken als unieke en baanbrekende materialen.

La dimensión agua...

La dimensión agua se convierte primero en espacio vital en el baño y después en confort personal a través de la elección estética y funcional de una colección de lavabos y platos de ducha en los que emerge como protagonista los innovadores materiales del Mineralsolid Matt y Mineralmarmo High Gloss.

...diventa comfort personale

Mineralsolid opaco e Mineralmarmo lucido sono materiali composti dal 75% cariche minerali naturali in purezza e il 25% di pregiata resina poliestere. Il film di smalto tecnico che riveste la superficie consente ottime prestazioni di resistenza e antiscivolo. Le caratteristiche tecniche e estetiche ne fanno il materiale perfetto per l'arredo del bagno, versatile per lo sviluppo in molteplici forme.

...becomes personal comfort

Mineralsolid Matt and Mineralmarmo High Gloss are composed of 75% pure natural mineral fillers and 25% high-quality polyester resin. The film of technical enamel covering the surface gives excellent resistance and non-slip performance. The technical and aesthetic features of Mineralmarmo make it perfect for bathroom furniture applications as well as an extremely versatile material.

...devient confort personnel

Mineralsolid Matt et Mineralmarmo High Gloss sont des matériaux composés de 75 % de charges minérales naturelles pures et de 25 % de résine polyester solide. Le film de vernis qui revêt la surface confère de bonnes performances de résistance et antidérapante. Les caractéristique techniques et esthétiques de Mineralmarmo en font le matériau idéal pour la salle de bain, l'antidérapant peut être décliné dans de multiples formes

...wird zum persönlichen komfort

Das Mineralsolid Matt und das Mineralmarmo High Gloss sind Materialien, die zu 75% aus natürlichen, reinen mineralischen Ladungen und zu 25% aus hochwertigem Polyesterharz bestehen. Der Gelcoat-Film, welcher die Oberfläche bedeckt, erlaubt optimale Eigenschaften wie Widerstandsfähigkeit und Rutschfestigkeit. Aufgrund der technischen und ästhetischen Merkmale sind sie sehr vielseitige Materialien, die viele Formen annehmen können und sich besonders für die Einrichtung von Badezimmern eignen.

...vertaalt in persoonlijk comfort

Mineralsolid Matt en Mineralmarmo High Gloss bestaan uit 75% zuiver natuurlijke minerale vulstoffen en 25% hoogwaardig polyesterhars. De film van de technische glazuur die de oppervlakte bedekt, geeft een uitstekende weerstand en non-slip prestaties. De technische en esthetische kenmerken van Mineralmarmo maken het perfect voor badkamermeubels en ook een uiterst veelzijdig materiaal.

...se convierte en confort personal

Mineralsolid Matt y Mineralmarmo High Gloss son materiales compuestos de un 75 % de cargas minerales naturales en pureza y un 25 % de resina de poliéster de alta calidad. La película de esmalte técnico que reviste la superficie otorga óptimas prestaciones de resistencia y anti-deslizamiento. Las características técnicas y estéticas lo convierten en el material perfecto para la equipación del baño, versátil para el desarrollo en múltiples formas. Mineralsolid Matt y Mineralmarmo High Gloss.
